Notes:

- # The estimated composite tuition/programme fees listed above are for reference only. Tuition fees of senior year entry are charged according to the number of course credits taken by a student. A student normally takes 40 credits in an academic year.
The composite tuition/programme fees listed above include laboratory/practicum/immersion course fees, etc. if applicable.
Non-local students will be charged a higher rate.
There will be an annual adjustment of tuition fees which will be capped at the actual Composite Consumer Price Index (CCPI) to be announced by the government. The estimated composite tuition/programme fees for the whole programme have not yet taken into account the CCPI for the second to fourth (or fifth) years, i.e. the 2022/23 to 2024/25 (or 2025/26) academic years.
Additional fees will be charged for students who are required to take a bridging programme.
The immersion course fees do not include incidental expenses, such as airfare and accommodation fee, of the study tour of the course.
- [^] Students of these senior year entry programmes may be required to take more than 40 credits of courses in the first year of studies.
- * Students who have not studied developmental psychology at sub-degree level are required to take an additional 5-credit psychology course. The required tuition fees are included in the above table.
